

# South Downtown Railroad Underpass Reconstruction

## About the Project

The Colorado Springs South Downtown Rail Underpass Reconstruction project (SDRUR) would address safety and operational issues along the rail corridor and improve transportation connectivity for all travel modes to downtown Colorado Springs.

Planned improvements include:

- 1 Replacing three railroad bridges at Nevada Avenue, Tejon Street, and Shooks Run
- 2 Replacing the Las Vegas Street Roadway over Shooks Run bridge
- 3 Improving Tejon Street and Nevada Avenue from Fountain Boulevard to Mill Street
- 4 Improving neighborhood streets and sidewalks
- 5 Creating quiet zones and improving pedestrian access at Sierra Madre Street and Las Animas Street
- 6 Planning for future connection of the Legacy Loop trail

## Project Area Map

# Key Dates & Schedule

Between 2023 and 2025, the City will develop a project Purpose and Need, refine the engineering design, and update the environmental analysis conducted in the previous planning effort. Engagement milestones include:

- Neighborhood Discussions
- Property Owner Meetings
- Public Meetings
- Public Surveys
- Stakeholder One-on-One Meetings
- Stakeholder Working Groups
- Topical Workshops

We look forward to hearing from you as we work to envision the future of South Downtown!
