GENERAL INFORMATION

Prospect Lake and Quail Lake are operated by the City of Colorado Springs Parks, Recreation & Cultural Services Department (PRCS)

Within the PRCS, there are multiple divisions, which include: Recreation and Administration; Cemeteries; Cultural Services; Golf; Parks Operation, Development and Forestry; and Pikes Peak America’s Mountain.

Each division is responsible for managing specific City resources and bringing the citizens of Colorado Springs the best services possible.

Prospect Lake is managed by the Recreation and Administration Division.

WATERCRAFT AS DEFINED BY CITY OF COLORADO SPRINGS

Motorized Watercraft & Motorized Personal Watercraft

Motorized watercraft means any vessel propelled by machinery, whether or not such machinery is the principal source of propulsion including “personal watercraft.”

Non-motorized Watercraft
(Sail, Float Tubes, Belly Boats and Hand Propelled Watercraft)

Motorized Hours:
Mondays/Wednesdays/Fridays Sunrise to Sunset
Saturdays & Sundays Sunrise to 1 PM (Motorized Boats ONLY)
1 to 5 PM (Personal Watercraft ONLY)

Non-motorized Hours:
Tuesdays/Thursdays Sunrise to Sunset
Saturdays & Sundays 5 PM to Sunset

NOTE: The lake is CLOSED for all the Adaptive Water-Ski dates.
See page 11 for details

Special Events and organized open water swimming may be scheduled during boating times. These activities can/will pre-empt some or all boating hours for the duration of the event. For information on Special Events, visit coloradosprings.gov/SpecialEvents

Please be respectful to all users of the lake. See Enforcement of Rules and Regulations. In the event of a conflict, please contact the Colorado Springs Police Department (CSPD) Dispatch at (719) 444-7000.

GENERAL RULES

- All watercraft use is by permit only.
- No swimming or wading allowed, unless in the designated beach area. Please contact the YMCA for hours of operation.
- Dogs are allowed on a leash in the surrounding lake areas. NOTE: Leash laws are in effect for Prospect Lake and Memorial Park.
- No ice-related activities shall be permitted on the lake.
- Due to the possibility of damage to the lake liner, no anchoring devices will be permitted on or around the lake.
DEFINITIONS & PERMIT REGULATIONS

4.1.101 Definitions
WATERCRAFT: Every type of vessel used or capable of being used as a means of transportation on water. Watercraft MAY include hand-propelled boats, belly boats, motorized boats and wind vessels.

4.3.109 Watercraft Permits
The Director shall regulate the use of watercraft upon any park, park property or park facility and require permits for appropriate types or classes of watercraft used upon any park, park property or park facility. It shall be unlawful to use any watercraft upon the waters in any park unless a permit has been issued in accordance with this article and the Director’s rules and regulations.

KEY DEPOSIT
A $10 key deposit will be assessed when purchasing a permit. The key deposit can be credited to the following year’s account or a refund can be processed when the annual key is returned.

The lock at the boat ramp has changed. Please return last year’s key at the time a NEW permit is purchased.

The gate must be closed and locked after vessel is launched and vehicle is parked.
APPLICATION FOR BOAT PERMITS
Each person applying for a watercraft permit shall present to the Director or the Director’s designee the following:

Evidence of a current Colorado State Boat Registration certificate and number, unless exempt by statute due to the type of watercraft.

Insurance is required for motorized watercraft. No motorized watercraft permit shall be issued to the applicant without evidence of current public liability and property damage insurance policies. The following insurance coverage shall be required in the name of the watercraft owner:

Bodily Injury and Property Damage: Combined single limit of $300,000

Each policy of insurance shall contain an endorsement that the insurance carrier shall notify the City at least thirty (30) days in advance of the effective date of any reduction or cancellation of the policy. The cancellation or reduction of insurance shall be cause for automatic suspension of the permit.

DEALER PERMIT
Marine craft, boat dealers or others engaged in the business of selling boats may obtain special dealer permits for use on boats they may be testing or demonstrating. By applying for a dealer permit, each dealer acknowledges that the boat tested or demonstrated carries all safety equipment required by the State of Colorado and the United States Coast Guard (USCG).

TERMS/WAIVER OF BOAT PERMITS
Upon issuance, the permit shall be permanently affixed in a conspicuous location on an exterior surface of the boat.

Upon issuance of the permit, the watercraft owner will receive a key to open the gate at the boat ramp. As a Prospect Lake permit holder, you are required to lock the gate after launching and loading watercraft.

Each permit is a nontransferable, revocable permit which shall continue in full force and effect from the date of issuance through December 31 of the year of issuance, unless sooner terminated, discontinued or revoked by the provisions of these rules and regulations or by legal action or operation of law.

Designated personnel may, from time to time, close Prospect Lake to the public for use by the City in promoting or sponsoring special events and may waive the permit requirement for special events.

WATERCRAFT INSPECTION FORM
Each person applying for a watercraft permit is required to complete a City of Colorado Springs PRCS - Watercraft Equipment Inspection Form. (Boat Dealers are exempt from this requirement.)
WATERCRAFT USE ON PROSPECT LAKE

- All motorized and personal motorized watercrafts can only launch and load from the boat ramp. **No staging or cleaning on the boat ramp.**
- The gate must be closed and locked after vessel is launched and vehicle is parked.
- No person shall use any watercraft on Prospect Lake in a careless or reckless manner or as to interfere with the reasonable use or enjoyment of the lake by any other person.
- No person under 16 years of age shall operate a motorboat or personal watercraft upon the lake. **Exception: Youth 14 years or older who have completed a boating safety course approved by the Colorado Division of Parks and Outdoor Recreation and have a boating safety certificate issued by the boating safety course provider in his/her possession. Adult supervision is required.**
- USCG-approved personal flotation devices are required to be worn by all operators and passengers of personal watercraft, hand/human propelled boats, sailboards and sailboats.
- USCG-approved personal flotation devices must be in motorboats for every adult attendant, and youth (ages 12 and under) must have personal flotation devices on their person.
- During hours of operation for motorized and personal motorized watercrafts, no more than five (5) watercraft shall be permitted to operate on the lake at any time. **“Operate being defined as moving in the rotation of boat traffic. Mooring or beached watercraft are not considered operational.”**
- During motorized watercraft operation, all traffic shall move in a counter-clockwise direction.
- Swimming or diving from any watercraft is prohibited.
- Operation of ALL watercraft is prohibited during an electrical storm.
- No motorized watercraft shall be operated while the operator or any occupant is standing or sitting on the gunwale or bow or in any unsafe position. Watercraft operation is only allowed in the designated boating and water-skiing areas. *(See Map)*
- Watercraft operators must be aware of shoreline and swimming areas at all times.
- Remote controlled boats are only allowed in the southwest end of the lake during the hours of 11 AM-5 PM and should not go further than fifty (50) feet of shore. *(See Map)*

**Only approved anchoring devices will be permitted.**

WATER-SKIING ON PROSPECT LAKE

- Water-skiing shall be permitted only during “wake allowed” operation times.
- Each water-skier shall wear a USCG-approved personal floatation device in serviceable condition.
- Water-skiing is prohibited within fifty feet (50’) of shore.
- No watercraft shall follow a water-skier closer than one hundred fifty feet (150’), except when their own skier is in the water.
- All watercraft towing water-skiers shall have aboard a responsible observer, in addition to the operator, who shall, when launching a water-skier, when a water-skier falls down in the water, when signaling to return to the shore or when the watercraft is retrieving its water-skier, conspicuously display a flag.
- The launching and discharging of water-skiers at the shore shall be limited to the designated area only. *(See Map)*
- Water-ski towropes shall be no longer than one hundred feet (100’) in length.
- Watercraft towing water-skiers shall have the right of way over other watercraft.
EQUIPMENT REQUIREMENTS
As set forth by the Colorado Boating Statutes and Regulations

• One personal flotation device of a type approved by the commandant of the USCG in good and serviceable condition, and in a readily accessible place of storage for each person on board a watercraft.

• Additional equipment designed to promote navigational safety to include, but not limited to: sounding device, bailing device, fire extinguisher, and orange flag. (See Water-skiing)

• If not an entirely open vessel and if carrying or using any inflammable or toxic fluid in any enclosure for any purpose, an efficient natural or mechanical ventilation system which shall be capable of removing any resulting gases prior to and during the time such vessel is occupied by any person.

• Personal watercraft equipped by the original manufacturer with an engine cutoff switch lanyard that shall attach to his/her person, clothing, or PFD, as appropriate for the specific watercraft.

• Watercraft owner shall be subject to an equipment inspection at any time while participating in boating activities at Prospect Lake.

ENFORCEMENT
Authorized by City Code, Section 4.2.101
City police, fire officials and designated PRCS personnel are authorized to enforce all ordinances, rules and regulations.

NEW... Only permitted users can be on water during their scheduled times.
NOTE: Scheduled and non-scheduled users may not be on the lake at the same time.

If a non-scheduled user of the lake does not vacate the water immediately, a description of the watercraft and its operator, in addition to the state registration number shall be reported to Sertich Ice Center or CSPD dispatch (719) 444-7000.

Weather in Colorado Springs is unpredictable and can change rapidly, becoming dangerous to boaters. Be aware of rapid cloud build up, drop in temperature and sudden changes in wind direction or speed as these may signal the arrival of dangerous weather conditions.

When lightning is seen or thunder is heard near the lake, it is strongly recommended that people take immediate shelter in their cars. It is not safe to take shelter under a tree or anywhere within 100 feet (100’) of the shore when lightning is present. As a rule of thumb, boaters can return to the water thirty minutes after the last audible thunder is heard or lightning seen.

Violators of ordinances, rules or regulations concerning the conduct or operation of vessels on or around the lake area may be:
1. Removed from the lake.
2. Cited by an enforcement officer.
3. Have watercraft permit revoked.
